

# Free Books!

Over the years many books have been donated to the A.S.P. that are not about astrology. These books have come in as part of large donations people have made. Perhaps these people thought that people who were interested in astrology might also be interested in them, or perhaps they just wanted to get rid of all their excess books in one fell swoop.

At any rate, the A.S.P. is now experiencing a shelf space crisis. In order to make room for new astrology titles that continue to arrive, these non-astrological books must be culled, as well as, eventually, astrology books that are duplicates of those already in our collection.

The books on this list are being made available **free for the taking** to A.S.P. members before they are disposed of by any other means necessary.

If you see anything on this list that you would like to have, please contact me A.S.A.P. I cannot guarantee the availability of any book in particular beyond the end of this year. The books are in no kind of order, but they are numbered. Please review the whole list and refer to the numbers of the books you want. Perhaps some of these books would make the perfect holiday gift for yourself or that special someone! Act now!
